

ADITHYA KETHARINATHAN

SOFTWARE DEVELOPMENT ENGINEER- React JS

## CONTACT

**EMAIL:**

[kadithya998@gmail.com](mailto:kadithya998@gmail.com)

**PHONE:** 6369299964

**ADDRESS:** A308 Metro Avenue  
Apts, Melur Road Srirangam,  
Trichy – 620006

**DATE OF BIRTH:** 09/04/1998

**LANGUAGES KNOWN:** English,  
Tamil and Hindi.

## SKILLS

 C++, HTML

 CSS, JAVA,

 JAVA SCRIPT

 SPRINGBOOT, SPRING  
JPA

 REACT, REDUX

 SQL, MONGODB

## PROFESSIONAL PROFILE

Insightful and Result driven Software Development Engineer with over **4 years** of working experience, Possess good communication skills and interpersonal skills with good mentor ship ability.

**ASSOCIATE • COGNIZANT • JUN 2019 – NOV 2022**

**SOFTWARE DEVELOPMENT ENGINEER • VERIZON • NOV 2022 – TILL DATE**

## EXPERTISE

- **React** (knowledge of developing react based web applications using class & function based components and life cycle methods, react testing library).
- **Redux**(Redux Toolkit, Redux Saga, Redux-Thunk)
- **CSS, JAVA SCRIPT** (knowledge of css, Javascript for web developing web applications)
- **Node JS** (knowledge of Node js concepts)
- **Java**(knowledge of developing java based classes, functions And oops concepts)
- **SPRING BOOT, SPRING JPA** (Developing controller classes and using JPA repositories to fetch and manipulate data from the database)

## CERTIFICATIONS

-  React Certification  
(Modern React with  
Redux) | **Udemy**  
| May'21
-  React Certification  
(The complete web  
application  
bootcamp) |  
**Udemy**
-  Node Js | **Udemy**  
| AUG'23

## TOOLS & SYSTEMS

 ECLIPSE, VISUAL

STUDIO ,SQL DEVELOPER

 POSTMAN.

 PUTTY,SPRING

INITIALIZR

## EDUCATION

**BTECH MECHANICAL • 2019**  
**• SASTRA UNIVERSITY**

**HSC • 2015 • SRI JAYENDRA**  
**MATRICULATION HIGHER**  
**SECONDARY SCHOOL**

**SSLC • 2013 • SRI SANKARA**  
**MATRICULATION SCHOOL**

- **SQL** (knowledge of developing and making changes in SQL queries)
- **Knowledge of MongoDB**
- **Knowledge of Unix and Linux commands.**

## PROJECT SUMMARY

### PROJECT – Lead Management – VERIZON

- I have worked on multiple stories and did development activities assigned to me
- I have involved in migrating our project from React V17 to React v18
- I have done the implementation of redux toolkit changes for my project.
- I have done the code optimization for our project and ensured the code coverage and quality.
- I have worked on development stories for tagging (reporting) related changes.
- I have worked on ADOBE AEM related development changes.

TECHNICAL	SKILLS
Languages:	JavaScript, CSS, Html,
React Tools:	React.js, Redux, Webpack, Redux- Saga, Redux-Toolkit, Adobe AEM
Front-end Development Tools:	Webpack,NPM,jenkins,Git

### PROJECT – Migration-- DLG -- COGNIZANT

- Developed modules of application using react and redux technology during the migration of our applications.
- Built modules with the help of redux and life cycle methods.

**EMAIL**

**TELEPHONE**

**LINKEDIN URL**

- Having hands on experience in writing application interface code via JavaScript and ReactJs workflows.
- Having hands on experience in implementing third party Api's inside our React application and handling external network requests.

TECHNICAL	SKILLS
Languages:	Javascript, CSS, Html,JQUERY
React Tools:	React.js, Redux, Webpack, Redux-Thunk
Front-end Development Tools:	Webpack,NPM

#### PROJECT – ADM – DLG – COGNIZANT

- Developed XML modules of one our client application which is spring based.
- Developed modules using spring boot JPA to fetch data from the database.
- Developed SQL query and Java script to export the data during application re platform.
- Performed Daily Health checks for our application and unix systems as a part of support activity.
- Worked with Unix and Linux commands for monitoring the Server logs where our application is hosted.

#### PROJECT – ADM – AXA – COGNIZANT

- Received Knowledge Transition from Application Team.
- Did a small change on updating the premium value in Polaris Database table

## REWARDS & RECOGNITIONS:

---

- Received Sapphire award for delivering the assigned modules on time.
- Received Spot Light award for implementing Redux toolkit in my project.

## DECLARATION:

---

I hereby declare that all the details furnished above are true to the best of my knowledge and belief
